

It's the end to another week, and the unusually warm weather these past couple days calls for a fun and festive cocktail. This Bull Breeze is easy to make and combines two of my favorite things: red bull and vodka. I know, I know. The combination is terrible for you, but it does wonders as a pre-gaming drink!

Ingredients:

1 can Red Bull

1 oz GREY GOOSE® Vodka

2 oz cranberry juice

1 orange wheel

How to Make:

1. Fill a goblet glass with ice cubes.
2. Add the can of Red Bull, GREY GOOSE® Vodka and cranberry juice to the glass.
3. Stir the drink and garnish with an orange wheel.
